3.

INTRO ABOUT INTERVENTIONAL RADIOLOGY-

HEADING:

Interventional radiology is the quiet revolution of the medical world.

Often referred to as Surgery 2.0, it is a specialised field that uses advanced medical imaging (CT, Ultrasound) to perform complex procedures that once required open surgery

To add images for these advantages of IR in this format. For images, refer to Dr Rohit Madhukar's website.

#### PINHOLE Procedure (IR) Vs Traditional Surgery

[Differences table](#)

.....

#### 4. CONDITIONS & THEIR MINIMALLY INVASIVE TREATMENT PROCEDURES

- The layout of the conditions is good
- Need to change the images of the conditions – Refer to Dr Monish's website
- Order of the conditions, extra conditions added

1. VARICOSE VEINS
2. THYROID NODULE ABLATION
3. UTERINE FIBROID EMBOLISATION
4. VARICOCELE EMBOLISATION (MALE INFERTILITY) (Is it pinhole in the wrist?)
5. ENLARGED PROSTATE (BPH)- PROSTATE ARTERY EMBOLISATION
6. CHRONIC MUSCULOSKELETAL PAIN- TRANSARTERIAL MICROEMBOLISATION
7. PERIPHERAL VASCULAR DISEASE
8. DEEP VEIN THROMBOSIS
9. LIVER CANCER INTERVENTION
10. DIALYSIS ACCESS CARE
11. GI INTERVENTION
12. EMERGENCY INTERVENTION

---

## 5. ABOUT THE INDIVIDUAL CONDITIONS

- Why cant we put Q n A like Dr. Rohit Madhukar's website below the brief introduction?
  - Better pictorial representation of before-and-after showing what the procedure does.
- 

## 6. REAL PATIENT OUTCOMES – Better layout designing

### WHAT OUR PATIENTS SAY

---

## 7. KNOW YOUR DOCTOR

Professional bio

What patients say about Dr. Harsha?

Certifications

Achievements

Gallery
